

Timberwolf Families,

Here are end-of-the-year testing dates with some GREAT tips on how you can help your student do their very best. At WKES, we encourage our students to "show off what they have learned" and keep the environment positive because we know our students work hard ALL YEAR LONG! We are already proud of all of our Timberwolf Cubs! And thank you, families, for making sure they feel their best and arrive on time these days!
