Adult Education

Lexington County School District One

Opening pathways to a better you.

WHY THE GED?

Earning a GED is a way to acquire a secondary school credential without graduating from a traditional high school. Enrolling in a preparatory course can help familiarize you with what is on the test, the types of questions you will be asked, and the format used on the GED tests.

WHAT ARE PREP CLASSES?

In our GED prep classes, we build on the skills you already have, work on the skills that need improvement, and teach test-taking skills to alleviate anxieties you may have. Most importantly, we are there to cheer you on and help however we can!

HOW DO YOU REGISTER?

Contact our office to schedule your registration appointment! You must complete a registration packet and placement testing in order to enroll in classes. Bring your driver's license or state-issued ID along with \$25 registration fee. Plan on staying at least three hours.
