Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child’s individual test results and an interpretation of the results; providing parents with information on the district’s curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal’s and superintendent’s evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.
Yes	<b>Staff Development</b> The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. # Executive Summary of Needs Assessment Data Findings

School Name: **Lakeside Middle School**

Per SBE Regulation 43-261, the annual needs assessment will provide focus for planning teams to set priorities for the plan. The comprehensive needs assessment must identify targeted areas of discrepancy between the desired performance levels and the current status as indicated by available data. Any discrepancies in the following areas identified by the school and district report cards must be included in the plan: (1) achievement, (2) achievement by subgroups, (3) graduation rates, (4) attendance, (5) discipline, (6) teacher/administrator quality and professional growth, and (7) other priority areas.

Measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

State Report Card for districts and schools data:  
<http://ed.sc.gov/data/report-cards/state-report-cards/>

Directions: In the appropriate boxes, use school data to identify areas in need of improvement. Required areas to be addressed: Student Achievement, Teacher/Administrator Quality, and School Climate.

<p><b>Student Achievement</b></p> <p>Primary School (K - 2) Student</p> <p><b>Elementary/ Middle School (3 - 8) Student</b></p> <p>High School (9 - 12) Student</p>	<p><i>Lakeside Middle School students continue to perform well overall on SC Ready state tests. The overall percentage of students who scored meets or exceeds on SC ready ELA is 55.6%, which exceeds the state and district scores. The overall percentage of students who scored meets or exceeds on SC Ready Math 39.1, which exceeds the state average but falls short of the district average by 4.6%. On SC Pass 6th grade Science, 58.9% of LMS students scored meets or exceeds.</i></p> <p><i>An area of growth for Lakeside Middle School is the achievement gaps regarding our students' math performance. Lakeside Middle School will increase the percentage of students scoring meets or exceeds in math performance by 5% in each grade on SC Ready from SY21-22 scores. This will continue to be a focus of ours as we strive to ensure every student is ready for the rigor of high school when they leave our campus.</i></p>
<p><b>Teacher/Administrator Quality</b></p>	<p><i>According to the South Carolina state report card for Lakeside Middle School, our teacher retention rate increased from 79% to 82%. We feel this is an area of growth that can be directly addressed by continuing to develop ways to improve relationships between teachers and leaders. The LMS leadership team strategically identifies, empowers, and grows leaders through technical and adaptive change to further the implementation of the three dimensions of student achievement: mastery of knowledge</i></p>

# Executive Summary of Needs Assessment Data Findings

	<p><i>and skills, high-quality student work, and character. This structure creates positive relationships between leadership and teachers, thus resulting in higher retention. Our goal is to retain at least 90% of our teachers for the SY22-23.</i></p>
<p><b>School Climate</b></p>	<p><i>Lakeside considers the work of school climate to be ongoing with all stakeholders including students, teachers, and families. Our expansion of student and faculty Crew structures has positively impacted school culture and cultivated an environment centered on the hope that every person feels they belong. While our Crew structure has helped build on-campus relationships, school-home relationships remain an area of growth. We did see an increase from 62.4% to 78.6% in family satisfaction of school-home relations from 20-21 to 21-22. We still feel there is room for improvement, however. One way we will work towards improving school-home relations is by inviting families into our building to participate in their students' student-led conferences (100% student participation) and Passage presentations. Our goal is for family satisfaction with school-home relations to be at least 85% for SY22-23.</i></p>

## System Commitments

*The idea of 'system commitments' rather than strategic goals indicates that these are promises we make to ourselves, our students and our community, rather than numerical goals to check off. Annual performance goals will be driven by our commitments.*

2. Teaching and learning develop power skills in all students.
3. Our schools are service-oriented centers of learning, committed to family and community partnerships.
4. Every adult will be equipped with the skills and resources necessary to advocate for and ensure the success of all students.
