Yes	**Academic Assistance, PreK–3** The school makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes	**Academic Assistance, Grades 4–12** The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes	**Parent Involvement** The school encourages and assists parents in becoming more involved in their children's education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child's individual test results and an interpretation of the results; providing parents with information on the district's curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal's and superintendent's evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.
Yes	**Staff Development** The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised Standards for Staff Development.
Yes	**Technology** The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.
Yes	**Innovation** The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students.
Yes	**Collaboration** The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

Yes	**Developmental Screening** The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.
Yes	**Half-Day Child Development** The school provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools. However, they may be housed at locations with other grade levels or completely separate from schools.
Yes	**Developmentally Appropriate Curriculum for PreK–3** The school ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.
Yes	**Parenting and Family Literacy** The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and how to be full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriate education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but is generally most appropriate for parents of children at the primary and elementary school levels and below as well as for secondary school students who are parents. Family Literacy program goals are to strengthen parental involvement in the learning process of preschool children ages birth through five years; to promote school readiness of preschool children; to offer parents special opportunities to improve their literacy skills and education; to provide parents a chance to recover from dropping out of school; and to identify potential developmental delays in preschool children by offering developmental screening.
Yes	**Recruitment** The district makes special and intensive efforts to **recruit** and **give priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. "At-risk children are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): parent without a high school graduation or equivalency, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.
Yes	**Coordination of Act 135 Initiatives with Other Federal, State, and District Programs** The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

Empower each child to design the future.

Lexington District One Mission

Our mission is to cultivate
a caring community
where ALL learners
are extraordinary communicators,
collaborators, creators and critical thinkers.

System Commitments

The idea of 'system commitments' rather than strategic goals indicates that these are promises we make to ourselves, our students and our community, rather than numerical goals to check off. Annual performance goals will be driven by our commitments.

1. All students, regardless of circumstances, advance on time, prepared to graduate and ready to enter college, the military or industry with certification.

2. Teaching and learning develop power skills in all students.

3. Our schools are service-oriented centers of learning, committed to family and community partnerships.

4. Every adult will be equipped with the skills and resources necessary to advocate for and ensure the success of all students.

Executive Summary of Needs Assessment Data Findings

Per SBE Regulation 43-261, the annual needs assessment will provide focus for planning teams to set priorities for the plan. The comprehensive needs assessment must identify targeted areas of discrepancy between the desired performance levels and the current status as indicated by available data. Any discrepancies in the following areas identified by the school and district report cards must be included in the plan: (1) achievement, (2) achievement by subgroups, (3) graduation rates, (4) attendance, (5) discipline, (6) teacher/administrator quality and professional growth, and (7) other priority areas.

Measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

State Report Card for districts and schools data: http://ed.sc.gov/data/report-cards/state-report-cards/

Directions: In the appropriate boxes, use school data to identify areas in need of improvement. Required areas to be addressed: Student Achievement, Teacher/Administrator Quality, and School Climate.

Student Achievement
Primary School (K - 2)

1. PREVIOUS INFORMATION: We strive to provide the best instruction for our students at Pelion Elementary. Our goal is to increase annually by 2 points.
Another goal is to decrease the number of students in our Response to Intervention Tier 2 and Tier 3 programs. The data from 2017-2018 showed that we did decrease the number 20.5% to 12.2%. The goal is to decrease the percentage each year by 1 point.
We do not have a large number of students in our Gifted and Talented program at Pelion Elementary. We want the number of students who qualify for this program to increase by 0.03 annually. Our data from the 2017-2018 school year did increase from 0.327 to 0.524. We will continue to provide high quality instruction to our gifted and talented students in core instruction.

School Climate	

4.	PREVIOUS DATA: At Pelion Elementary we work to improve the conditions that lead to student success by utilizing a system of advocacy for each child that facilitates healthy social and emotional growth. Our goal is to decrease the number of students chronically absent by 0.5% annually. Our data from 2017-2018 was 20.2% of students chronically absent from school. We are putting measures in place to decrease this percentage each year. Another issue we are working on is decreasing the percentage of students with 3 or more discipline referrals by 0.5 points annually. Our baseline data is 5.0% and the percentage did decrease to 4.7%, for the 2017-2018 school year, but we did not meet our goal of 4.5%. We work to improve equity for minority groups. Our baseline data is 5.0% and the percentage did decrease to 4.7% for the 2017-2018 school year. For the 2018-2019 school year the numbers decreased again to 2.9%. We hope to continue this trend into the coming years with behavior supports in place. We work steadily to improve equity for minority groups. Our goal is to increase equity indices for minority groups on SC READY by 0.03 annually. This number did increase for the 2018-2019 school year to 0.790% from the 2017-2018 school year of 0.758%.
