## Required Signature Page

The school renewal plan, or annual update, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) (S.C. Code Ann. 59-139-10 et seq. (Supp. 2004)), the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. 59-18-1300 et seq. (Supp. 2004)), and SBE Regulation 43-261. The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the School Improvement Council, and the School Read to Succeed Literacy Leadership team lead are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

Assurances for the School Renewal Plans
The assurance pages following this page have been completed and the district superintendent $s$ and school principal signature below attests that the school/district complies with all applicable assurances requirements including ACT 135 assurance pages.

## Assurances for School Renewal Plan

Assurances checked below, along with the signature page signed by the superintendent and school principal, attest that the school complies with all applicable regulatory and statutory requirements listed.

| Early Childhood Development and Academic Assistance Act (Act 135) Assurances (S.C. Code Ann §59-139-10 et seq. (Supp. 2004)) |  |
| :---: | :---: |
| N/A | Academic Assistance, PreK-3 <br> The school makes special efforts to assist children in PreK-3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation). |
| Yes | Academic Assistance, Grades 4-12 <br> The school makes special efforts to assist children in grades 4-12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation). |
| Yes | Parent Involvement <br> The school encourages and assists parents in becoming more involved in their children's education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child's individual test results and an interpretation of the results; providing parents with information on the district's curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal's and superintendent's evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children. |
| Yes | Staff Development <br> The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised Standards for Staff Development. |
| Yes | Technology <br> The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning. |
| Yes | Innovation <br> The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. |
| Yes | Collaboration <br> The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system). |

| N/A | Developmental Screening <br> The school ensures that the young child receives all services necessary for growth and <br> development. Instruments are used to assess physical, social, emotional, linguistic, and <br> cognitive developmental levels. This program normally is appropriate at primary and <br> elementary schools, although screening efforts could take place at any location. |
| :--- | :--- |
| N/A | Half-Day Child Development <br> The school provides half-day child development programs for four-year-olds (some <br> districts fund full-day programs). The programs usually function at primary and <br> elementary schools. However, they may be housed at locations with other grade levels <br> or completely separate from schools. |
| N/A | Developmentally Appropriate Curriculum for PreK-3 <br> The school ensures that the scope and sequence of the curriculum for PreK-3 are <br> appropriate for the maturation levels of students. Instructional practices accommodate <br> individual differences in maturation level and take into account the student's social and <br> cultural context. |
| N/A | Parenting and Family Literacy <br> The school provides a four component program that integrates all of the following <br> activities: interactive literacy activities between parents and their children (Interactive |
| Literacy Activities); training for parents regarding how to be the primary teachers for <br> their children and how to be full partners in the education of their children (parenting <br> skills for adults, parent education); parent literacy training that leads to economic <br> self-sufficiency (adult education); and an age-appropriate education to prepare children |  |
| for success in school and life experiences (early childhood education). Family Literacy |  |
| is not grade specific, but is generally most appropriate for parents of children at the |  |
| primary and elementary school levels and below as well as for secondary school |  |
| students who are parents. Family Literacy program goals are to strengthen parental |  |
| involvement in the learning process of preschool children ages birth through five |  |
| years; to promote school readiness of preschool children; to offer parents special |  |
| opportunities to improve their literacy skills and education; to provide parents a chance |  |
| to recover from dropping out of school; and to identify potential developmental delays |  |
| in preschool children by offering developmental screening. |  |$|$

## District Requested Strategic/Renewal Plan Waiver

The State Board of Education has the authority to waive regulations pursuant to (SBE Regulation 43-261) (C) District and School Planning which states the following:

> Upon request of a district board of trustees or its designee, the State Board of Education may waive any regulation that would impede the implementation of an approved district strategic plan or school renewal plan.

All waivers must be requested in writing, signed by the local superintendent, and approved by the local school board prior to being sent to State Accountability. Use the following link to obtain more information on the waiver process:
http://ed.sc.gov/districts-schools/state-accountability/waiver-requests/

Performance Goals and Action Plans

## Lexington District One Vision

Empower each child to design the future.

## Lexington District One Mission

Our mission is to cultivate
a caring community
where ALL learners
are extraordinary communicators, collaborators, creators and critical thinkers.

## System Commitments

The idea of 'system commitments' rather than strategic goals indicates that these are promises we make to ourselves, our students and our community, rather than numerical goals to check off. Annual performance goals will be driven by our commitments.

1. All students, regardless of circumstances, advance on time, prepared to graduate and ready to enter college, the military or industry with certification.
2. Teaching and learning develop power skills in all students.
3. Our schools are service-oriented centers of learning, committed to family and community partnerships.
4. Every adult will be equipped with the skills and resources necessary to advocate for and ensure the success of all students.

Question

## CURRENT WORKING CONDITIONS

I have sufficient space in my classroom to meet the educational needs of my students.

I have access to reliable communication technology, including phone, fax, and e-mail.

I feel supported by administrators at my school.

The faculty and staff at my school have a shared vision.

I am familiar with local, state, and national policies and how they affect teaching and learning.

Local, state, or national policies assist me in meeting the educational needs of my students.

The school leadership makes a sustained effort to address teacher concerns.

My decisions in areas such as instruction and student progress are supported.

## Executive Summary of Needs Assessment Data Findings

School Name: Pelion High School

Per SBE Regulation 43-261, the annual needs assessment will provide focus for planning teams to set priorities for the plan. The comprehensive needs assessment must identify targeted areas of discrepancy between the desired performance levels and the current status as indicated by available data. Any discrepancies in the following areas identified by the school and district report cards must be included in the plan: (1) achievement, (2) achievement by subgroups, (3) graduation rates, (4) attendance, (5) discipline, (6) teacher/administrator quality and professional growth, and (7) other priority areas.

Measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

State Report Card for districts and schools data:
http://ed.sc.gov/data/report-cards/state-report-cards/
Directions: In the appropriate boxes, use school data to identify areas in need of improvement. Required areas to be addressed: Student Achievement, Teacher/Administrator Quality, and School Climate.

In response to known deficits in reading, teachers used multiple <br>

meet the unique learning needs of our students. Teachers <br>
collected feedback from students to enhance classroom instruction <br>
that was reflective of students' interests and perspectives. In spite <br>
of a more personalized and asset-based approach to teaching and <br>
learning, students were not able to master their reading goals and <br>

they continue to demonstrate significant reading deficits.\end{array}\right\}\)| For this reason, PHS will continue to focus on improving basic |

Of the 56 teachers at PHS, 88 percent hold <br> advanced degrees and three hold National Board certifications. <br> PHS teachers are also committed to their students through <br> developing their instructional strategies to meet their unique <br> learning needs. Teachers have engaged in professional learning <br> to improve reading and writing strategies through a workshop <br> model. They also provide students with opportunities to develop <br> their critical thinking skills by intentionally designing units to include <br> analytical, practical, creative and research-based learning. |
| :--- | :--- |
| School Climate | Pelion High School strives to cultivate a school climate where all <br> students are able to learn without concern for safety and security <br> and students, teachers, and families feel supported and heard. <br> According to the 21-22 SCDE survey data, most students (86\%) <br> and teachers (93.7\%) feel safe at school and report they feel <br> supported by administration (100\%). Students report that teachers <br> expect students to learn (94\%); and they do a good job at teaching <br> mathematics (83\%) and English language arts (91.5\%). Students <br> report that teachers spend enough time helping them learn (84.2\%) <br> and provide support when they do not understand something <br> (89.3\%). |
| While the student to teacher relations are thriving, we recognize a <br> need to improve peer-peer relationships as well as school-parent <br> relationships. There is a need to develop strategies to prevent <br> bullying and to involve parents in various aspects to include <br> academic and behavior support. |  |

## System Commitments

The idea of 'system commitments'rather than strategic goals indicates that these are promises we make to ourselves, our students and our community, rather than numerical goals to check off. Annual performance goals will be driven by our commitments.

1. All students, regardless of circumstances, advance on time, prepared to graduate and ready to enter college, the military or industry with certification.
2. Teaching and learning develop power skills in all students.
3. Our schools are service-oriented centers of learning, committed to family and community partnerships.
4. Every adult will be equipped with the skills and resources necessary to advocate for and ensure the success of all students.

## Strategic Areas of Emphasis

- Literacy and Numeracy
- High Impact Teaching and Learning
- Leadership Development
- Opportunity and Access

## South Carolina State Department of Education Required Goal Categories

- Student Achievement
- Teacher and Administrator Quality
- School Climate
- Gifted and Talented

## Performance Goals

1. The district will increase the percentage of students who are progressing on-time with the requisite skills for success at their current grade levels.
2. The district will implement strategies to improve equity in high level coursework.
3. The district will implement strategies to improve performance in high level coursework.
4. The district will improve the conditions that lead to student success in each school by utilizing a system of advocacy for each child that facilitates healthy social and emotional growth.
5. The district will increase opportunities for district personnel to participate in collaborative professional learning opportunities that impact student achievement.
6. The district will implement strategies to improve customer service, parent engagement, and community involvement.

Performance Goal 1 : The district will increase the percentage of students who are progressing on-time with the requisite skills for success at their current grade levels.
