Lexington District One **Vision**

**Empower each
child to design
the future.**

Lexington District One **Mission**

Our mission is to cultivate a caring community where ALL learners are extraordinary communicators, collaborators, creators and critical thinkers.

System Commitments

The idea of 'system commitments' rather than strategic goals indicates that these are promises we make to ourselves, our students and our community, rather than numerical goals to check off. Annual performance goals will be driven by our commitments.

Our System Commitments

- 1. All students, regardless of circumstances, advance on time, prepared to graduate and ready to enter college, the military or industry with certification.**
- 2. Teaching and learning develop power skills in all students.**
- 3. Our schools are service-oriented centers of learning, committed to family and community partnerships.**
- 4. Every adult will be equipped with the skills and resources necessary to advocate for and ensure the success of all students.**

Strategic Plan

Executive Summary of Needs Assessment Data Findings

Introduction

In compliance with State Board of Education Regulation 43-261, Lexington One conducted a comprehensive needs assessment, utilizing multiple measures in the required areas of student achievement, teacher/administrator quality, school climate, and gifted and talented. The district utilized a variety of sources for this needs assessment including the state report card, local assessment data, and PowerSchool/Enrich data. Graphical summaries of these data are included in the strategic plan.

Student Achievement

Data Sources	Strength	Weakness/ Improvement Need	Area(s) of Focus
Elementary/Middle (Grades PK-8)			
Fountas and Pinnell Text Levels (Enrich)	64% of K-5 students are performing at or above grade-level on Fountas and Pinnell text level measures. This is an increase of over 8 points from the prior year.	Substantial achievement gaps exist for minority students, and English language learners.	<ul style="list-style-type: none">• High-Impact Teaching and Learning• Opportunity and Access• Literacy and Numeracy
State Standardized Language Arts Scores (State Report Card)	Almost 47% of students scored “Meets” or “Exceeds” on the SC READY ELA test. This is almost 7 points higher than the state percentage.	<p>While our results are higher than the state average, fewer than half of our elementary and middle school students meet state standard in ELA. Our lowest percentage of students meeting standard was in 7th grade where about 41% of students scored “Meets” or higher. The writing portion of the ELA assessment had a larger percentage of scores that were non-scorable than in previous years.</p> <p>Additionally, substantial achievement gaps exist in ELA for minority</p>	<ul style="list-style-type: none">• High-Impact Teaching and Learning• Opportunity and Access• Literacy and Numeracy

State Standard zed Math Score (State Re ort Card)	Just under half of Lexington One students (49.7%) scored “Meets” or “Exceeds” on the SC READY Math test. This is 7.6 points higher than the state percentage.	Math scores in Lexington One trend downward as grade level increases. The percent of students scoring “Meets” or higher drops consistently as grade level increases from 65% at 3rd grade to only 38.6% at grade 8. Substantial achievement gaps exist in Math for minority students, students with special needs and English language learners.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and Numeracy
State Standardized Science Scores (State Report Card)	56.7% of Lexington One students scored “Meets” or “Exceeds” on the SCPASS Science test, out-performing the state by 8 points.	Science performance has declined over the past three years, from 70.9% meeting standard in 2013-14 to current levels. While a substantial drop in 2016-17 was due, at least in part, to the realignment of the scale to the same scale as SC READY, the decline is certainly an area of concern. Substantial achievement gaps exist for minority students, students with special needs and English language learners.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and Numeracy
State Standardized Social Studies Scores (State Report Card)	77.2% of students in Lexington One met standard on the SCPASS Social Studies test, almost 15 points higher than the state’s	Substantial achievement gaps exist for minority students, students with special needs and English language learners.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and

Grade 11 ACT English College and Career Ready Benchmarks (Enrich/ACT)	52.9 % of students met ACT College and Career Readiness standards on the English subscore. This is an increase of 3.4 points over the prior year. This percentage also surpassed that of the state by almost 15 points.	Substantial achievement gaps exist for minority students and English language learners. Fewer than 25% (22.8%) of minority students met the benchmark, and fewer than 10% of ELL students met the benchmark.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and Numeracy
Grade 11 ACT Reading College and Career Ready Benchmarks (Enrich/ACT)	The percent of students meeting College and Career Readiness benchmarks in reading (36.6%) was greater than that of the state (27%)	The percent meeting benchmark had declined 3.2 points from last year. Substantial achievement gaps exist for minority students and English language learners. Only 14.9% of minority students met the Reading benchmark, and fewer than 10% of ELL students met the benchmark.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and Numeracy
Grade 11 ACT Math College and Career Ready Benchmarks (Enrich/ACT)	32.9% of Lexington One students met the ACT Math College and Career Readiness benchmark. This value is almost 11 points higher than the state percentage. This is the same as 2015-16 and a slight increase from 2014-15.	Fewer than 1/3 of 11th grade students are meeting the math benchmark, and substantial achievement gaps exist for minority students, students with special needs and ELL students.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and Numeracy
Grade 11 ACT Science College and Career Ready Benchmarks (Enrich/ACT)	The percentage of students in Lexington One meeting the ACT Science College and Career Readiness benchmark was 25.8% in 2016-17. This value was 8.8 points higher than the state's percentage.	The percentage meeting the science benchmark has declined since the 2015-16 school year. Less than 10% of minority students met this benchmark and no ELL students met the benchmark, revealing substantial achievement gaps for those subgroups.	<ul style="list-style-type: none"> • High-Impact Teaching and Learning • Opportunity and Access • Literacy and Numeracy

ACT WorkKeys (Enrich/State Report Card)	72.9% of 11th grade students achieved “Silver” or higher certificates. *4.9% met the “Silver” or higher benchmark in Applied Mathematics, 95.7% in Reading for Information and 79.4% in Locating Information. Each of the values is greater than the State’s. Summary of Conclusions

While student achievement in Lexington One continues to surpass that of the state in all areas, clear areas of need were presented in the needs assessment. First, with fewer than half of our Elementary and Middle grades students meeting standard in English Language Arts and Math and about one-third of 11th grade students meeting benchmark on ACT Math and Reading there should be a focus on literacy and numeracy skills at all levels. While science and social studies scores continue to be higher than those of the state, declines in science performance on SCPASS and the low percentage of students meeting benchmarks on ACT Science are of particular concern. The district needs to address teaching practices across all content areas to better impact student learning in all subjects.

In all content areas and at all levels, substantial achievement gaps exist for minority students, English language learners, and students with special needs. These gaps extend beyond student achievement to attendance and discipline metrics, as well. Furthermore these groups are under-represented in gifted and talented opportunities. The district must address these disproportionalities in order to address the educational needs of all students.

Lexington One continues to hire and retain highly qualified teachers and administrators. Teachers continue to be satisfied with their work environments and student learning environments. However, trends in student achievement and responses to the state student surveys suggest that professional learning opportunities for strategies that better engage students and impact student learning be implemented. Furthermore, achievement gaps on test scores and in graduation rate, disproportionality in attendance problems, discipline issues, and advanced course enrollment, and student and parent concerns about bullying and home-school

relations must first be addressed at the leadership level, suggesting a need for additional leadership development strategies.

Based on the results of this needs assessment, the district has identified four key areas of focus: Literacy and Numeracy, High-Impact Teaching and Learning, Leadership Development, and Opportunity and Access. The following strategic plan will address these areas of focus and the strategies through which the district will improve them.

Performance Goals and Action Plans

System Commitments

The idea of 'system commitments' rather than strategic goals indicates that these are promises we make to ourselves, our students and our community, rather than numerical goals to check off. Annual performance goals will be driven by our commitments.

1. All students, regardless of circumstances, advance on time, prepared to graduate and ready to enter college, the military or industry with certification.
2. Teaching and learning develop power skills in all students.
3. Our schools are service-oriented centers of learning, committed to family and community partnerships.
4. Every adult will be equipped with the skills and resources necessary to advocate for and ensure the success of all students.

Strategic Areas of Emphasis

- Literacy and Numeracy
- High Impact Teaching and Learning
- Leadership Development
- Opportunity and Access

Performance Goals

1. The district will increase the percentage of students who are progressing on-time with the requisite skills for success at their current grade levels.
2. The district will implement strategies to improve equity in high level coursework.
3. The district will implement strategies to improve performance in high level coursework.
4. The district will improve the conditions that lead to student success in each school by utilizing a system of advocacy for each child that facilitates healthy social and emotional growth.
5. The district will increase opportunities for district personnel to participate in collaborative professional learning opportunities that impact student achievement.
6. The district will implement strategies to improve customer service, parent engagement, and community involvement.
