This month our team begins our "Ask HR" Visits where we will visit each school in the district to try to address any HR questions employees may have. We look forward to spending time in schools and learning ways that we can serve our employees more effectively.

## STUDENT SERVICES

Multiplier Definition: A student enrolled at a school outside of their zoned area will count as three (3) students. The numbers used will be based on the 45-ADM received from the State Department of Education.
