Building K to Career Pathways

**L8N C** is dedicated to...

**“Empowering each child to design the future”  
by investing in a kindergarten to career  
system which develops workforce ready  
graduates.**

Building K to Career Pathways

## Core Principles

# LN<sup>2</sup>C

Partnerships

- ▶ **Business and Industry**
- ▶ **Community Organizations**
- ▶ **Higher Education**

Shared Goal of creating a learning community that prepares students for future success

# Through **LINC** we will:

- ▶ develop multi-faceted and multi-entity collaborative partnerships to provide innovative educational experiences throughout our learning community.
- ▶ design a seamless K-to-Career network that reduces barriers to success and promotes opportunities for each student.

- ▶ **create connections for students and educators with business and industry partners, community organizations and institutions of higher education to develop authentic learning experiences and career pathways for each student.**
- ▶ **inform students and families of the variety of careers in our local, state and global community by connecting them to business and industry partners.**

- ▶ **inform students and families of the variety of careers in our local, state and global community by connecting them to business and industry partners.**
- ▶ **cultivate and engage current and future partners to create a talent pipeline of educated, qualified candidates who stand ready to meet the changing needs of our community.**

**Lexington District One values the support of our community partners who offer activities, services and enrichment opportunities to our students — this support aids in our mission of “Empowering each child to design the future.”**

## Future Steps

# LINC Future Steps

- ▶ Develop a survey to document partnerships.
- ▶ Create a web presence dedicated to LINC partners.
- ▶ Implement a database of partners for educators to access.
- ▶ Cultivate *current* partnerships and engage *new* partners.
