

LEXINGTON SCHOOL DISTRICT ONE
Board Meeting Minutes
June 14, 2022

The Lexington County School District One Board of Trustees held a meeting on Tuesday, June 14, 2022, in the Lexington County School District One’s Central Services Building One located at 100 Tarrar Springs Road in Lexington, South Carolina. The meeting was livestreamed on the Lexington One YouTube channel and a video of the meeting has been uploaded to the YouTube channel and LexOne video website. It is also on the Board Meeting Agendas and Minutes webpage.

Board Members: Chair Anne Marie Green, Secretary Mike Anderson, Jada Garris, Kathy Henson, Tim Oswald, and Vice Chair Dr. Brent Powers. Dr. Guyton was not present.

1.0 Call to Order Public Hearing 5 P.M.

Chair Green called to order the public hearing of the third reading of the 2022-23 proposed general fund operating budget. The district is in compliance with S.C. Freedom of Information Act by notifying the media of the date, time and place of the meeting. The district tapes the meeting for accuracy in preparing the minutes. Ms. Jada Garris led the Pledge of Allegiance.

2.0 Third Reading — 2022–23 Proposed General Fund Operating Budget — Jeff Salters, Chief Operations Officer

Mr. Salters presented the third reading of the 2022-23 proposed general fund operating budget which outlines the projected revenues as well as expenditures to conduct the day-to-day operations of the district. Priorities incorporated in the proposed budget include: maintaining student teacher ratios, focus on staff salaries and recruitment and retention strategies, establish personalized pathways at the current Lexington Middle School campus for a stand-alone LOOLA Program and The College Center, intervention and instructional support needed for learning and acceleration, to enhance safety and security, and prepare for federal COVID funding to sunset. The General Assembly reconvenes on June 15 to discuss and hopefully adopt an Appropriations Bill. The third reading is based on the Senate version of the budget. An amendment may be necessary depending on the version of the budget adopted by the General Assembly. Projected student membership growth is approximately 610 students. That membership number will be used to maintain the same staffing ratios from 2021-2022. He reviewed the net increases in FTEs. There is one FTE increase for Central Services Staff to add a Chief Student Services Officer during the fiscal year but no expenditure change as it will be offset by the retirement of the current Chief Operations Officer. There were no changes to programs and services. Anticipated operating expenditures reflect approximately 89% in salaries and related expenditures, 3.6% utilities and maintenance and 7% programs and services. He reviewed projected revenues from state and local sources, transfers from other funds and the use of \$3.39 million of the district’s operational balance. Administration is not proposing a millage increase this year. The district presents a proposed 2022-2023 general operating budget of \$325,808,206. Mr. Salters addressed questions and comments from the board. The board thanked the Finance team for their work throughout the budget process.

Mr. Salters indicated administration would be seeking an amendment to the budget of \$131,116 immediately following the vote on the third reading. The amendment is necessary due to the timing of the public notice of the public hearing. When the notice is published the budget amount is set and fixed and cannot be changed for the initial approval of the budget.

Motion	Second	Action
Powers	Anderson	Amended

Discussion: Chair Green reported that the board approved a trial in April, May and June to begin the meetings at 6:00 p.m. This has been going well. The policy will need to be codified to make the official change, but in the interim the board can establish a time outside of the policy with board approval. Chair Green asked the B policy committee to take up that amendment to the policy. There was discussion about the established start time and Ms. Garris believed the start time needs to include the executive session start time. The current board policy indicates a start time of 7:00 p.m. but does not give an executive session start time.

Dr. Powers made a motion to amend the main motion to update the 2022-23 regular Board of Trustees meeting times such that executive will start in sufficient time to support the general session beginning at 6:00 p.m. The motion was seconded and approved.

Amended Motion	Second	Action

The motion was seconded and approved.

Motion	Second	Action
Powers	Oswald	Approved Unanimously

Discussion: Chair Green indicated that the July agenda is short and there is not a need to have a full meeting. The board will be engaged in several other meetings to continue the superintendent search.

Thanks!

8.0 Discussion of Superintendent Search Process with Search Firm May 24, 2022 Minutes Page 2

Chair Green introduced Mr. Scott Price, Ms. Judy LeGrand and Dr. Gene Moore with the South Carolina School Boards Association (SCSBA). SCSBA presented a superintendent search advertisement, proposed timeline and survey options. Ms. LeGrand presented the proposed schedule and indicated the posting would open on May 25. Upon selection of a survey tool, that survey could be publicized on May 25. Sixteen focus groups will be held the week of May 31 and the community meetings will be held the week of June 6. She shared the posting advertisement including the link to the district's website and discussed that the website is the most valuable tool for candidates to research the district. She shared four drafts of possible surveys. The board gave input and indicated their preference. The board determined to use the content of survey #3 with the addition of question #4 from the first survey. Ms. LeGrand indicated that SCSBA will remove comments not pertaining to the superintendent search. There was discussion about adding a page of general comments in addition to the comments related to the superintendent search. The board determined that all comments would be provided to the board.

There was further discussion regarding the timeline and the recommended selection date of September 1 and how it impacts the district, the staff and district leadership, the board of trustees, the election cycle and key district strategic projects. The board asked SCSBA about how the search is impacted by the election year cycle, the optimal time for hiring a superintendent and how a summertime search impacts the candidate pool. Dr. Moore gave his perspective on the current board hiring the superintendent prior to the election as a majority of board members would still be in place. He also gave feedback on the advantages of a superintendent starting once the school year has begun. The timeline was adjusted to target the week of June 14 to finalize the feedback and survey results. The search advertisement will be posted on May 24, focus groups and community meetings will be completed by June 8 or 9,

I received corrections/additions to minutes. Revised minutes are attached.

We did not actually decide to have all of the comments provided to the board. Mrs Garris requested that all comments be provided to the board and Dr Powers spoke strongly against this, but the full board did not reach a consensus. Please correct the minutes again to reflect this.

When the SCSBA presents the survey results on June 28, we can ask then how many non-super search comments were received and take action at that time to decide if we receive or don't receive the additional comments.

NOTE: The board did not vote nor reach a consensus on any information regarding the superintendent search, although the minutes reflect a determination was made regarding other information.

Following the meeting, I sent the following email to the secretary since Ms. Green would not allow me to confirm the substance of the minutes during the meeting.

Good morning,

The final minutes are attached. After I received this response back from Ms. Green, I took that statement out.

We did not actually decide to have all of the comments provided to the board. Mrs Garris requested that all comments be provided to the board and Dr Powers spoke strongly against this, but the full board did not reach a consensus. Please correct the minutes again to reflect this.

When the SCSBA presents the survey results on June 28, we can ask then how many non-super search comments were received and take action at that time to decide if we receive or don't receive the additional comments.

15.1 Third Reading - 2022-23 Proposed General Fund Operating Budget

Ms. Garris asked for a threat assessment update and was told that the district is in compliance. When she asked for specific data, she was told that that information wouldn't be given without direction of the full board. Ms. Garris mentioned that data on threat assessments was given in December.

Ms. Green: Ms. Garris, is that a budget question?

Ms. Garris: No. But remember earlier when I asked when I could talk about safety and security since that was supposed to be on the agenda but it's not and then you all said I could talk about that during the budget?

Ms. Green: It is part of the budget amendment. Are there any questions about the budget? All right. Again. All in favor of the budget say aye.

15.1.1 2022-23 Proposed General Fund Operating Budget Amendment Recommendations

Ms. Garris: I think there was a lot discussed in executive session that could be discussed in open session that our constituents should be made aware of, but apparently I'm just not going to be allowed to talk a lot tonight.

Following the June 14, 2022 meeting, I sent an email to board members explaining how the appropriate place to discuss most of the information we received was in open session (in the auditorium).

That information included:

- funding cameras
- cost estimate for metal detectors
- SRO shortage
- job description of security guards
- threat statistics

Item 15.2 2022-23 Minority Business Enterprise Plan:

Ms. Garris questioned replacing the title of Chief Operations Officer with Chief Procurement Officer. Mr. Salters said the CFO serves as the Chief Procurement Officer in the delegations as part of the code.

Item 15.7 Regular Board of Trustees Meeting Times

A motion was made to change the meeting time for 2022-23 to 6 p.m.. Ms. Garris said the information provided to the board stated executive session would begin at 5 p.m. and general session would begin at 6 p.m. She explained that anytime you've convened a quorum to discuss or act upon business, you have started a meeting. So, when you vote to enter Executive Session, you have started a meeting. Therefore, the meeting time would be 5 p.m.

Ms. Green stated that the time Executive Session begins is flexible and will change each month depending on what is on the agenda.

Ms. Garris read an opinion from General Counsel of the SC School Boards Association that stated when you have convened a quorum of the members of your board to discuss or act upon business you have started a meeting. Ms. Garris explained that the Freedom of Information Act requires the board to list the dates and times of meeting a year in advance. Ms. Green interrupted Ms. Garris and called for a vote when Ms. Garris attempted to explain that the community needs to know when the board will meet.

Freedom of Information Act

SECTION 30-4-80. Notice of meetings of public bodies.

(A) All public bodies, except as provided in subsections (B) and (C) of this section, must give written public notice of their regular meetings at the beginning of each calendar year. The notice must include the dates, times, and places of such meetings. An agenda for regularly scheduled or special meetings must be posted on a bulletin board in a publicly accessible place at the office or meeting place of the public body and on a public website maintained by the body, if any, at least twenty-four hours prior to such meetings.

Absent a face-to-face meeting, neither Ms. Green nor Dr. Powers would share details regarding the upcoming June 14th meeting after the agenda was provided to the board. In May 2022, Ms. Green delegated some of her duties as Board Chair to Vice Chair, Dr. Brent Powers, (without board discussion) because she was busy with the superintendent search. Therefore, I emailed my questions to Dr. Powers.

On Jun 13, 2022, at 1:30 PM, Jada Garris <JadaGarris@aol.com> wrote:

Good afternoon Brent,

I hope you are doing good. I had a few questions about the 6/14/22 agenda:

Why is Citizens Participation limited to agenda items, operations and programs?

Why are citizens only allowed to comment during the public hearing of the budget if they sign up between 4-5 p.m.? And why must they be present to sign up?

Who was involved in making these decisions?

Who is receiving special recognition in item 11.0?

Under what agenda item will the board have a discussion and be able to ask questions regarding safety and security? After I sent an email regarding my concerns with safety and security, Anne Marie responded with the following email:

Jeff & Greg,

Can you provide a safety and security update, including any updates on threat assessments that have been conducted, at our June 14 regular board meeting?

Thank you, Anne Marie

According to your response to Ms. [REDACTED]'s inquiry about an agenda item for safety and security, "Tuesday's meeting will have executive session agenda items as well as 3rd reading of our 2022-2023 budget. Safety and security will be included in these 2 agenda items." I have questions that will not be covered under executive sessions reasons. Why is there not an agenda item for Safety and Security? Should I ask my questions regarding safety and security during 3rd reading of the budget?

Thanks,
Jada
